Geological Society of Maine

Fall Meeting

11/07/2025

At the Alumni Center, Colby College

Where is the meeting and where should you park?

The GSM Fall Meeting is taking place on the afternoon of Friday Nov 7th 2025 at the **Colby College Alumni Center** (see the building outlined by a box in the image below or navigate to this link: <https://maps.app.goo.gl/pGGwRmW83Ze1ov2p9>).

Specifically, the meeting is taking place in the **Parker-Reed room** of the Alumni Center.

The Alumni Center does not have a dedicated parking lot other than a drop-off zone and disability parking right outside the door. You will need to find parking elsewhere on the Colby College campus. The image below is marked-up with some large 'P's showing you the closest parking areas to the Alumni Center.

Campus Security is aware of our event and should not be ticketing, but print out the first page of this file and put it on your dashboard when you park just to be on the safe side.
